POSSIBLE CONNECTIONS WITH THE COUNTRY

1. **Cycle path + footbridge:**

pedestrian and cycle path from the small church of *Madonna delle Nevi* to the new station

1. **Underground funicular / light rail:**

The project involves the preparation of structural spaces at the head end for a future terminus of an underground funicular railway that would connect the park-and-ride car park (SR46) → town centre → cable car station.

THE NAME: CERVINO – THE ONE

Valle d'Aosta
Vallée d'Aoste

CERVINO
SKI PARADISE

THE ONE OUR NEXT ELEVATION

The Matterhorn is an icon, a mountain unique in the world, recognised everywhere and admired since time immemorial.

CERVINO THE ONE creates a powerful identity, capable of speaking to the world with the strength of its uniqueness and affirming a vision that looks to the future.

THE ONE is the first system, the starting point, the first step towards tomorrow.

THE ONE It means innovation, enhancement, belonging: in the international mountain landscape, there is only one true protagonist, and it is here.

The Matterhorn is **THE ONE**.

CERVINO – THE ONE VIRTUAL JOURNEY

Valle d'Aosta
Vallée d'Aoste

CERVINO
SKI PARADISE

AN IMMERSIVE PREVIEW OF THE NEW LIFT THAT WILL CONNECT BREUIL-CERVINIA TO PLATEAU ROSA.

The video takes viewers on a journey suspended between earth and sky, between snow-capped peaks and cutting-edge technology, offering a clear, exciting and realistic vision of the experience that will be possible to enjoy.

A visual story designed to convey the power of the Matterhorn and the value of a project destined to shape the future of Alpine tourism.
